

.....About Brett Rutherford

West Side has had Brett on the prayer list for several weeks. He was originally diagnosed with cancer of the brain. Carl and Martha Gilstrap, who frequently communicate with Brett's father, have received word that Brett's diagnosis has changed. Multiple Sclerosis is a possibility and also ADEM which is caused by a viral infection and is characterized by a tumor. Please continue to keep Brett in your prayers as he struggles with his treatment regimen.

**A Note
of Thanks**

Dear Brethren,

I pray that all is well with the brethren at West Side. The congregation supported me while I attended the Memphis School of Preaching from August 2011 through June 2013. I just wanted to send you a letter thanking you for that support and fill you in on the work here in Rabun County. My family and I began working with the brethren here in Rabun, County, Georgia upon graduation from MSOP. We have been here now for just over a year and we are very blessed to be here. The congregation here in Rabun County is small but faithful. We are the only congregation of the Lord's Church in the entire county. We have been blessed to witness six individuals obey the Gospel since we arrived here. We were able to host a campaign earlier this year with students from MSOP and Brother Dan Cates came and spoke during that meeting. We have had several studies since we have arrived and have let the people in this community know that the Lord's Church is alive and well in Rabun County. Of course, we have met some opposition, namely from the "higher ups" in the denominational community but that is to be expected. Lord willing, we will continue to plant the seed here in Rabun County for many years to come. None of this would be possible without you and your support of me and my family while we attended school. Again, thank you and I pray that the Lord continues to bless the congregation at West Side.

In Him,

Mckinley Pate

**About Personal Evangelism and
Getting the Job Done**

A company's President had given his employees the very best of programs—every type of incentive and workshop available. Still, the productivity of the company was not up-to-par. At the same time, Rufus, son of one of the best outlets for the company's shoes, had applied for work. The president was in a quandary. In looking over Rufus' application, his spelling and grammar were atrocious; in the interview, he was even worse. The president felt pushed to hire him but put him on commission only and kept him in the outlying areas of the major city outlets to avoid embarrassment. So, Rufus went to work.

Three weeks later, Rufus sent this message: "Dere Boss. I done spent three weeks in the Shikagow area and done purty good. Am mailing orders for 40,000 pare of shoes."

In another three weeks, he sent this: "Dere Boss. This Detrot area is hard to get round in but I done hit most places and the shoe market is good hear to. Am sending order for 58,000 pare of shoes."

Two weeks later, again from Rufus. "Dere Boss. The Minnynappliss area is reel fine. Am sending in orders for 75,000 pare of shoes."

The next week, all employees were directed to the bulletin board for a note from the president of the company:

"Dere Emploies:

Lookit these reports from Rufus. We done spent to much time round hear trying to spel instid of sel. Study these reports and Rufus' example and let's git busy and git out there and do like Rufus has done. The Boss"

**Again, the point: Nothing surpasses getting the job
done!**

From Herb Smith

To My Brothers and Sisters at West Side,

It has been my privilege for the last 40 plus years to work with you, such a very loving and caring congregation.

Due to my worsening health condition, I feel it is necessary at this time to retire from my duties as an elder here at West Side Church of Christ.

I pray that all continue with the same loving and caring attitude as we go forward with the Lord’s work here. I ask for your continued prayers as I will continue to pray for all of you. I love you all.

Your Brother in Christ,

Herb Smith
