## On Bended Knee, I Come

There are many things we can learn from nature. Recently, I read about the "the secret of the bended knee." Most birds sleep, perched on a limb, and do not fall. When I sleep, there is no rhyme or reason. I will move around the bed during the night occupying several different positions. I read how birds stay on their perch without falling because of the unique way God made them. The tendons in a bird's legs are so constructed that when the leg is bent at the knee, the claws grip like a steel trap. The claws will not let go until the knee is unbent. The bended knee keeps the bird secure on his perch. How will you and I not fall into temptation? With a bended knee that will not let go of God. How will we escape the perverse generation in which we live? The same way that Daniel survived during his perverse generation, on bended knee. When the winds of temptation, trials and tribulations blow; when the storms of heartache and illness threaten, bend your knees.

Be the image of Jesus

## Christians

"They walk in all humility and kindness and falsehood is not found among them. They love one another. They rescue the orphan from violence. They do not refuse to help widows. He who has gives ungrudgingly to him who lacks. If they see a stranger they take him home and entertain him as a brother. When one of their poor passes from the world any one of them who sees it provides for his burial according to his ability. And if they hear about one of their number being in prison or being oppressed for the name of the Messiah all of them provide for his needs. Thus they labor to become righteous as those who expect to see their Messiah and to receive from Him the glorious fulfillment of the promise made to them. Truly, this is a new People and there is something divine in them."

Written to the Emperor Hadrian, 117-138 A.D.

**Please Keep the Hummel Family**

**Close to your Heart**

They have experienced some trying times of late. Becky is facing health care issues and will be going through testing and probable surgery in the future. Also, their house was damaged in a fire. There were no injuries but the family of six are having to live in a motel until the house is revitalized and ready for habitation. They are looking to rent a four bedroom house in the Anderson, Middletown or Yorktown area. If you know of any house for rent that would fit their needs, please call them.
